Rio de Janeiro - RJ - Brasil.
CEP: 22261-004

Dear Julia,

I am writing to inform you that the Dark Energy Survey Management Committee has voted to appoint you a Builder of the Dark Energy Survey collaboration. This action recognizes your important contributions to the DES project. The publication rights of DES Builders are described in the DES Publication Policy (DES docdb 2334-v12); in brief, Builders have the right to authorship on DES science publications resulting from DES data on an opt-in basis.

I look forward to your continued participation in the activities of DES as we head through survey operations over the next few years.

Yours Sincerely,

A handwritten signature in black ink, appearing to read "Joshua Frieman".

Joshua A. Frieman

Director of the Dark Energy Survey

Fermilab Center for Particle Astrophysics

Professor of Astronomy & Astrophysics

Kavli Institute for Cosmological Physics

The University of Chicago
